Minutes:

CHAIRMAN DAVENPORT declared the Public Hearing open for Items 14 and 15.

ANDY REED, Planning and Development Department, stated the proposed substation meets City standards and recommended approval.

PLANNING COMMISSION MEETING OF: SEPTEMBER 27, 2007

SCOTT RUDY, on behalf of Nevada Power, agreed to all conditions and requested approval.

COMMISSIONER STEINMAN questioned whether the property protrudes into the right-of-way of I-215. MR. RUDY responded that it did not and noted that Nevada Power has a grant for the southern ten acres only.

MARGO WHEELER, Director of the Planning and Development Department, confirmed that the Bureau of Land Management owns the parcel of land and the applicant's lease is only for a portion of that parcel.

COMMISSIONER STEINMAN asked staff to indicate where the environmental assessment is located. DOUG RANKIN, Planning and Development Department, stated the impact statement is included in the department's files. COMMISSIONER STEINMAN expressed that in order to consider special use permits, the environmental impact assessment should be made available to the Commissioners. MS. WHEELER stated they would comply with his request.

CHAIRMAN DAVENPORT declared the Public Hearing closed for Items 14 and 15.
